

RED LINE CHAIN LUBE WITH SHOCKPROOF®

- Fully synthetic lubricant specially formulated for road and off-road, chain-driven vehicles, including: O-, X- and Z-ring chains
- Industry-leading rust and corrosion prevention
- Resists dirt, sand and grit adhesion
- Minimal fling-off
- Reduces wear to extend life of chain and sprocket
- Protects even in muddy and wet conditions
- Reduced friction for better power transfer
- ***This product contains flammable materials and will require Ground transportation services. Please expect a longer ship time than usual.

PACKAGE SIZES:

43103 - Chain Lube with ShockProof - 13oz

ADDITIONAL INFORMATION

CHAIN LUBE with SHOCKPROOF is a state-of-the-art, fully synthetic chain lubricant specifically formulated for road and off-road, high performance chains and open gears. It is engineered with the most advanced extreme pressure additives for ultimate protection and maximum performance. CHAIN LUBE with SHOCKPROOF's unique formulation allows for great penetration but minimal fling, increasing the life of the chain and sprocket while preventing rust and corrosion.
